## BUSINESS MANAGEMENT AND MONITORING REPORT March 2024

## Report by the Executive Director of Resources & Section 151 Officer

#### RECOMMENDATION

- 1. The Cabinet is RECOMMENDED to
  - a) note the report and annexes.

## **Executive Summary**

- 2. The business management reports are part of a suite of performance, risk and budget documents which set out the council's ambitions, priorities, and financial performance. The <u>2022 2025 Strategic Plan</u> sets out the Council's ambitions. It also shows our priority activities for the current financial year.
- 3. This report presents the March 2024 performance, risk, and finance position for the council.
- 4. Further information is provided in the following annexes to the report:

Annex A: Performance as at March 2024

Annex B: Finance as at March 2024

Annex C: (Climate)

Annex D: (EDI)

5. The performance section of this report concentrates on performance exceptions (measures reporting Red (off target), or Amber, (slightly off target, Amber for the last two consecutive months or more). The full performance report is included at Annex A.

#### **Performance Overview**

- 6. The Outcomes Framework for 2023/2024 reports on the council's nine strategic priorities. A further priority relates to running the business and includes the customer contact centre and measures included in the council's Financial Strategy. The Outcomes Framework which sits underneath the strategic priorities is comprised of monthly, quarterly, termly, six-monthly and annual measures which may change as we progress through the year. At the appropriate period, relevant measures will be included in the report.
- 7. As at the end of March 2024 the indicators were rated as follows:

| March<br>2024 | Green | Amber | Red | Monitoring<br>Only/Data<br>Unavailable | Total |
|---------------|-------|-------|-----|--|-------|
|---------------|-------|-------|-----|--|-------|

| Monthly           |  |  |  |  |  |

## **Strategic Risk Management Overview**

- 15. A strategic risk is a risk to the council's strategic priorities or long-term outcomes; or a risk with a significance that has an impact at the corporate level.
- 16. The table below provides an overview of the current strategic risk position. Strategic risks are reviewed monthly as part of the Business management and monitoring process. Risks can be added and escalated at any time during the year.
- 17. Update following...

Table 9: Strategic Risk Overview for March 2024. Please note that a strategic risk regarding resilience in the face of climate change will be forthcoming early in 2024.

#### **Financial Position**

20. As shown below directorates are forecasting an overspend of £12.3m (2.1%). After taking account of an increase in interest receivable on balances held by the council and the use of funding held in contingency and the COVID-19 reserve, the overall forecast is balanced to the net operating budget.

21. As noted in previous reports, financial risks which include inflation and demand pressures for children's social care, as well as workforce shortages, make it much more challenging for the council to forecast activity and expenditure.

<sup>1</sup> Includes £4.2m one – off funding as set out in the Financial Monitoring Report to Cabinet in May 2023.

- 22. The overall forecast has reduced by £4.2m since November 2023. This reflects the reduction in the forecast directorate overspend and the use of contingency and additional interest on balances to manage the directorates pressures.
- 23. The forecast for Adult Services remains balanced to the budget. Risks within the council elements of the pooled budgets are being managed by the service.
- 24. The forecast overspend for Children's Services has increased by £0.1m since November 2023. Whilst the Home to School transport has remained unchanged from the £3.6m overspend reported to Cabinet in January, additional unbudgeted expenditure of £0.9m is required to fund temporary senior management posts within Education. In addition, there is £0.5m pressure relating to the reallocation of staffing savings. As reported throughout the year on-going underlying pressures are driven by a combination of increased care placements costs, and reliance on agency staff to cover vacancies. Action continues to be taken through a range of organisational, governance and business process controls as well as market management activity to address the underlying pressures but it is taking time for these to have an impact.
- 25. There is a forecast overspend of £0.4m for Community Safety as a result of reallocated budgeted staffing savings and an increase in training costs. A one-off payment of £0.2m made for a disabling injury/illness is recommended to be funded by a supplementary estimate.
- 26. The forecast underspend for Environment & Place has increased by £2.1m compared to the November 2023 forecast. There is a reduction in energy costs from lower energy activity, a reduction in waste management costs and additional income from enforcement activity.
- 27. The forecast overspend for Resources has reduced by £0.1m, mainly due to a number of vacancies in Communications, Strategy and Insight.
- 28. 73% of the budgeted savings of £10.2m which were not achieved as planned in 2022/23 are currently assessed as delivered or are expected to be delivered in 2023/24. 27% are assessed as amber or red.
- 29. 81% of the 2023/24 savings are assessed as delivered or are expected to be delivered and 19% are still assessed as amber or red. Action is continuing to be taken to ensure that the delivery of both existing planned savings and new budget reductions is maximised in 2023/24. The anticipated achievement of savings is incorporated into the forecast directorate position. Where relevant savings that are not expected to be achieved have been considered through the Budget & Business Planning Process for 2024/25.
- 30. The forecast 2023/24 deficit compared to Dedicated Schools Grant (DSG) funding for High Needs is £22.9m. This is £4.6m higher than the £18.3m forecast deficit approved by Cabinet in May 2023. The CIPFA code of practice currently requires negative High Needs DSG balances to be held in an unusable reserve. The forecast deficit would increase the cumulative negative High Needs DSG balance

held in this reserve from £41.1m as at 31 March 2023 to £64.0m at 31 March 2024.

31. £0.5m continues to be held in corporate contingency to meet the cost of pay inflation for vacant posts as they are recruited to. The balance of £8.7m, which includes £4.2m one – off funding, has been used to support directorate pressures. After taking account of the use of contingency and funding from the COVID-19 reserve to support the overall forecast position, as well as supplementary estimates agreed earlier in the year balances would be £29.8m at year end, £0.4m lower than the risk assessed level of £30.2m.

#### **Financial Implications**

32. This report includes an update on the forecast financial position and risks for the council along with action being taken to manage the budget within the position agreed by Council in February 2023. Strong and sustained financial management, collective action and oversight continues to be required to ensure that services are managed within budgets for the rest of 2023/24 and on-going in 2024/25.

## **Legal Implications**

- 33. The Council's constitution at Part 3.2 (Budget and Policy Framework) and Part 3.3 (Virement Rules) sets out the obligations and responsibilities of both the Cabinet and the Full Council in approving, adopting and implementing the council's budget and policy framework.
- 34. The Council has a fiduciary duty to council taxpayers, which means it must consider the prudent use of resources, including control of expenditure, financial prudence in the short and long term and the need to act in good faith in relation to compliance with statutory duties and exercising statutory powers. The report sets out as at January 2024 performance, risk and finance position for the Council as part of its fiduciary duty to implement budgetary controls and monitoring.
