## Part 2 – Representation

Please complete this part (Part 2) of the form separately for each separate representation you wish to make.

You can find an explanation of the terms used below in the accompanying guidance on making representations.

On the following pages, please set out why you think the Minerals and Waste Local Plan Core Strategy is legally non-compliant and/or unsound and any changes you are suggesting should be made to it that would make it legally compliant or sound.

**Please note** your representation should include as succinctly as possible all the information and evidence necessary to support/justify the representation and the suggested change, as there will not normally be a subsequent opportunity to make further representations based on your representation at this stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

2(d) Please give details of why you consider the Oxfordshire Minerals and Waste Local Plan Core Strategy is not legally compliant or is unsound. Please be as precise as possible.

If you agree that the Oxfordshire Minerals and Waste Local Plan Core Strategy is legally compliant and/or sound and wish to support this, please also use this box to set out your comments.

- "SPC would make the following representation on the Core Strategy with specific reference to the envisaged expansion of gravel extraction at Caversham/Sonning Eye:
- 1) Such expansion would be patently contrary to the objectives set out in the Minerals Plan Vision and supporting Policies, namely:-
- -to minimise the distance by road between source and market....because Sonning Eye is at the furtherest end of the county from where the product is needed and is separated from these development areas by Reading, Henley and an inadequate road infrastructure;
- -to minimise the transport impact....because the local road infrastructure is already under stress and Henley is already subject to unacceptable traffic pollution and congestion;
- -to minimise flood risk....because this is of course a Flood Risk Zone 3 area and-as experienced in winter 2013/14-is subject to extreme flood impact and access road closure/subsidence;
- -to protect naturally important landscapes.
- 2) With specific reference to this latter issue, we would point out that such expansion would be directly contrary to the Adopted South Oxfordshire Landscape Assessment Policy, of which sections 11 a and b Thames Valley and Fringes delineate the area as strong on scenic quality and to be conserved....and (to quote the policy) "large scale development of any kind will be inappropriate along the river corridor" and (specifically) "where there is a need to repair the landscape setting of the river corridor from the effects of gravel extraction (eg east of Caversham)".

"Finally, SPC would express its support of the comprehensive representation submitted by OXAGE (Oxfordshire Against Gravel Extraction"

2(e) Please set out the changes(s) you consider necessary to make the Oxfordshire Minerals and Waste Local Plan Core Strategy legally compliant or sound, having regard to the reason you have identified at 2(c) above where this relates to soundness. You should say why this change will make the Core Strategy legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

## 2(f) Written representations or oral hearing

If your representation is seeking a change to the Oxfordshire Minerals and Waste Local Plan Core Strategy, do you consider it necessary to participate at the oral hearing part of the examination? (tick box below as appropriate)

No, I wish to communicate through written representations	V
<b>Yes</b> , I wish to participate at the oral hearing part of the examination (go to 2(g))	

**Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated they wish to participate at the hearing part of the examination.

(g) If you wish to participate at the hearing part of the examination, please this to be necessary.	se
