Hi,

1. I have seen the Gardner Representation produced by Gardner Planning on behalf of OXAGE and fully support the points made.
I am perturbed that OCC failed to consult parish councils and the public generally when it suddenly increased the LAA (the number of tons of gravel required in the plan) even though it found the resources and time to consult mineral producers towards the end of 2014. The public were deprived of an opportunity to question the flawed methods used and the inflated outcome reached by yet another set of consultants hired at great expense by OCC.
