Part 2 – Representation

Please complete this part (Part 2) of the form separately for each separate representation you wish to make.

You can find an explanation of the terms used below in the accompanying guidance on making representations.

2(a) State which part of the Oxfordshire Minerals and Waste Local Plan Core Strategy you are making a representation about

Part or policy no. or paragraph

2(b) Do you consider the Oxfordshire Minerals and Waste Local Plan Core Strategy is: (tick as appropriate)

- (i) Legally compliant? Yes No
- (ii) Sound? Yes No

If you have answered **No** to question 2(b)(ii), please continue to question 2(c). In all other cases, please go to question 2(d).

2(c) Do you consider the Oxfordshire Minerals and Waste Core Strategy is unsound because it is not: (tick as appropriate)

- (i) Positively prepared
- (ii) Justified
- (iii) Effective
- (iv) Consistent with national policy

On the following pages, please set out why you think the Minerals and Waste Local Plan Core Strategy is legally non-compliant and/or unsound and any changes you are suggesting should be made to it that would make it legally compliant or sound.

Please note your representation should include as succinctly as possible all the information and evidence necessary to support/justify the representation and the suggested change, as there will not normally be a subsequent opportunity to make further representations based on your representation at this stage. After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

2(d) Please give details of why you consider the Oxfordshire Minerals and Waste Local Plan Core Strategy is not legally compliant or is unsound. Please be as precise as possible.

If you agree that the Oxfordshire Minerals and Waste Local Plan Core Strategy is legally compliant and/or sound and wish to support this, please also use this box to set out your comments.

Statement of Support:

HCC supports *Policy W6: Landfill* which would not only satisfy the requirement for landfilled waste in Oxford but will also provide capacity for other authorities such as Hampshire. In 2013, Hampshire provided approximately 29,500 tonnes of landfilled waste to Oxfordshire.

This demonstrates the plan to be positively prepared and effective.

HCC supports *Policy W8: Management of Agricultural Waste* which allows for the construction of anaerobic digestion facilities. Half of waste deposited in Hampshire from Oxfordshire is processed via anaerobic digestion, this allows for waste to be processed close to its source and is consistent with national policy.

Oxfordshire County Council engaged with Hampshire County Council in the spirit of Duty to Cooperate regarding transboundary waste movements in September 2014 and mineral movements in April 2015. This demonstrates collaborative working with other minerals and waste planning authorities and is consistent with national planning policy.

2(e) Please set out the changes(s) you consider necessary to make the Oxfordshire Minerals and Waste Local Plan Core Strategy legally compliant or sound, having regard to the reason you have identified at 2(c) above where this relates to soundness. You should say why this change will make the Core Strategy legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
