Oxfordshire Supported Internship

**A supported internship is a college course
work placement where you will learn skills
to help you get a job**

What is being on the Supported Internship like?

It has helped me learn new skills. I knew there was someone around to talk to if I had a problem.

I was nervous at first but I soon started to feel at home in my placement.

My supporters were friendly and helped me to settle in.

It will really help you to gain the confidence and knowledge and help you to realise what work is about.

How does the internship work?

It starts in September and ends by July.

You will spend 3 days a week at your work placement, 1 day at college and have 1 day off.

When it ends, oxfordshire Employment and Mencap will help you to get a paid job.

Who can apply?

To apply for a supported internship you need to:

1. Have a learning disability.
2. Be 16-24 years old.
3. Go to a college that has Oxfordshire Supported Internships.
4. Have applied for an Education Health Support Plan. We can help you with this.

How do I apply?

You will need to meet one of our advisors, who will help you to fill out a form.

Arrange a meeting by phoning 01865 815809.

You might want to bring somebody to support you.

“The Supported Internship programme has helped me learn new skills”

Here are some ways you can contact us:

Oxfordshire Employment and Mencap,
Graham Hill House, Electric Avenue,
Ferry Hinksey Road, Oxford, OX2 0BY
